

## **WHO ARE WE?**

Operation Christmas Care is a non-profit started in 2020 to help families in the SWFL area to feel love and joy on Christmas morning. A team of FGCU students with help from Lee Knapp, Founder of Stockings 4 Kids, and United Way were able to provide 49 families with the joy of opening gifts on Christmas morning in 2020. Our goal is to help even more families this year!

## **HOW DOES IT WORK?**

Families in need are referred to us through local social service agencies and they fill out a wish list with the things each of their family members need. Our team then matches the family in need with a donor family according to everyone's needs. The donor family buys and wraps gifts for their family in need and Operation Christmas Care arranges for pick up or delivery of the gifts so that we can get them to the social service agencies to be delivered for Christmas. You can help, even on a budget!

## **HOW CAN YOU HELP?**

Sign up to be a donor with us! Whether you want to shop for an entire family or simply donate gift cards to be used toward a family, we will find a match for you. Contact us and let us know you are interested as soon as possible so we can begin the matching process!
